

# Student Uniform

Glenmore Park High School is a uniform school, and all students are required to wear their uniform with pride each day. Reasons for this are so we are all equal, there is no competition, it identifies us as a member of the school community, it provides safety as we are easily identified, and it sets a positive tone for learning.

## Please Note:

- The current uniform was designed in consultation with the students and the school community.
- There are no variations to this uniform
- Extremes of haircuts/colours are not appropriate, and excessive jewellery/body piercings and make-up should not be worn while students are at school. Patterned jackets, coloured sloppy joes/hoodies, joggers, jackets, denim jeans or shorts, short shorts, track pants or any items with visible brand names or offensive text or graphics ***are not permitted.***

## Under Garments

Any garments worn under school shirts/blouses must be the same colour or neutral in colour (i.e. -white, skin)

## School Bag

It is recommended that students use either a suitable sized back pack or satchel style bag.

## Out of Uniform Policy

If a child is unable to wear (or bring) their uniform on a particular day, they are required to bring a signed note and hand it to a roll call teacher in the morning where it will be signed and recorded. The student is to carry the note with them during the day and present it to staff when requested.

### **Not To Be Worn At School**

NB: During Term 2 & Term 3 only (Winter) the tracksuit may be worn as school uniform but must be changed for PE and sports lessons. Sport uniform, track pants and dance costumes, including sport shoes are only to be worn during the appropriate lessons, after which students change back into full school uniform.

### **Work Place Health & Safety**

In practical lessons (Science, Technology, Visual Arts) it is required by the Department of Education that students wear and use correct Personal Protective Equipment. As such fully enclosed and secured black leather school shoes are a compulsory safety requirement.

### NOTE
